

# Product Information

## AC50 acoustic sealant

900ml tube

This is a high strength, permanently flexible sealant and adhesive specifically formulated for sealing and bonding plasterboard.

It is used to acoustically seal the edges of soundproof panels and acoustic plasterboard. AC50 acoustic sealant is available in tubes of 380ml which fit standard sealant guns and 900ml tubes which require a large sealant gun. Non flammable formula.

## Product information
